## *In Memoriaum*

CHILDRESS- In sad but loving memory of husband, Daddy and Pa' Pal, James W. Childress, who left us one year ago today, January 3, 1973.

*Gone is the face we loved so dear,*
*Silent is the voice we loved to hear,*
*Too far away for sight or speech,*
*But not too far for thought to reach,*
*Sweet to remember him who was here*
*Who, gone away, is just as dear*
*Just when his days seemed brightest,*
*Just when he hopes seemed best,*
*God called him from amongst us*
*To his eternal rest,*
*Sadly missed, but God knows best.*

*He had a smile, a pleasant way,*
*A helping hand to all he knew*
*He was so kind, so generous and true,*
*On earth he nobly did his best,*
*Grant him, Jesus heavenly rest*

*Our hearts ache with sadness;*
*Our eyes shed many tears.*
*God knows how much we miss you,*
*At the end of 1 sad and lonely year.*

*No treasure on earth can replace you.*
*Your loss is too great to be told.*
*To us who loved and lost you,*
*Your memory will never grow old.*

In loving memory of our husband Lorry Houston Johnson, who left us nine years ago, January 10, 1965.

*It seems only like yesterday*
*Although it has been nine*
*So often in our loneliness*
*We brush away our tears*

*No morning dawns, no evening returns,*
*That we don't think of you*
*Those left are dear to us,*
*But none can replace you.*

*To know you was to love you*
*That was your way*
*And in our hearts love*
*And memories will always stay*

We're recommending that small grain producers top dress their grain whenever they can use nitrogen and get it on the ground. Nitrogen will be in extreme short supply this winter and producers wait until the usual time.

Naturally you will not get the maximum use of nitrogen by only dressing this early, but these are unusual conditions.

The Annual Northern Virginia Forage Conference is scheduled for Thursday, March 6 at Middleburg, Virginia. The main emphasis this year will be on pasture improvements.

We have had a number of calls about hybrid dark tobacco seed. At this point we have not collected comparative data on the 1973 crop.

J. B. Carson, Jr., Spout Spring community tells me he has 2340 pounds per acre that sold for $1800. However, we don't have the yield and value of the other varieties that he grew.

For the 1974 crop there were 3 buckets of seed produced and reemphasize that at this time we are not sure that the yield cost of seed justifies planting this variety. For growers who may be interested we should report the seed supply situation.

Monday evening county beef producers will meet at Maude's Restaurant at 6:30 for a steak supper and discuss the possibility of organizing a County Beef Cattle Association.

Dr. A. L. "Ike" Eller will discuss production testing, and he will get your reservation in today.

How much should land rent for? This is an often asked question. What is a fair cash rent for lease and lease?
Some have suggested that if land is worth $300 per acre the rent should be at least 6% or $18 per acre.
One of the Illinois banks reports that cropland that rented for $45 an acre last year will go to $75 this year.
Most land in Appomattox County tends to be undervalued in terms of return to the owner.

The Wool Bureau has some good publicity favoring wool use. "In 1972 synthetics consumed 10 percent of the petroleum in the United States. The man-made fiber industry produced more than seven billion pounds of fiber annually, increasing at the rate of 17 percent each year. World production exceeds 20 billion pounds per year.
A sheep's wool is ready in two years for clipping and can be sheared time and again during the life of the animal. Once used (for making synthetics) there is no way to put oil back. On the other hand, bright green grazing pastures, used to nurture sheep, reappear each spring, year after year, assisted by the grazing sheep which add nutrients to the soil.
Natural fibers do not deplete our natural resources. The world can double and triple sheep production. It's a question of choice! Our choice!"

## FHA Members Present Skits

Shown above are four of the members of the Senior Chapter Future Homemakers of America at Appomattox County High School who participated Thursday of last week in one of several skits presented on Community Relations at their monthly meeting.
Participating in a skit about shopping in Appomattox were, left to right, Carolyn Winston, Nancy Smith, Kay Stratton and Nancy Winston.

## Food Shopper

by Cathy B. Hinton
Va. Dept. of Agriculture
Looking for a change of pace for a cold wintry evening? Build a meal around a delicious chowder or soup. Prepare your own, or add ingredients to a store purchased product. Chowders can be prepared in many varieties, as limitless as your imagination! Turk e y, corn, frankfurter or clam are your pick. Just serve with a salad and some crusty bread for a delicious and nutritious meal.
Soups and Chowders are just a few of the many ways you can masquerade leftovers into planned overs. Stop and think before you toss that cup of beans or half cup of spaghetti sauce in the garbage can. Freeze these small servings for later use in the soup pot. Save turkey necks, poultry and beef stock, also.
Make a mental note to begin stocking away those leftovers and be sure to label and date each package that is put in the freezer. There's nothing more frustrating than an unmarked container in the freezer.
Chowders can be fixed in a short amount of time while soups need time to simmer and develop that delicious "home made" flavor. Next time, make a large batch of soup and let it cook while you're busy with other household duties. Before you know it you'll have several meals of home made soup packed away in the freezer.
Natural accompaniments for soup are salad and bread. Be imaginative and try a fresh fruit salad platter or fruit and vegetable combo. In the bread area packaged rolls and biscuits become gourmet fare when brushed with melted margerine and sprinkled with any of the following: onion salt, parmesan cheese, sesame seed.
Rejoice, it's time to get out of that "ho-hum" rut and prepare delicious soups and chowders for winter fare.

### APPOMATTOX HOMEMAKERS CLUB WILL MEET ON JANUARY 15th

The Appomattox Homemakers Extension Club will hold its regular monthly meeting on Tuesday, January 15th, at 10 a.m. in the home of Mrs. Doris Brockman.
The program will be on Downtown Appomattox.
All members are urged to be present.

### HOUSEHOLD HINTS

When you need an extra large hot dish mat, solve your problem by covering a magazine with kitchen foil.
If you're going to be thrifty and bake your bread, place a little dish of water in the oven to keep the crust from getting too hard.
If you're planning to put some plants in larger containers, water them thoroughly the day before to loosen the root ball.
Set fruit pies on your stove burner a few seconds before placing in the oven. The extra heat will give you a more evenly baked pie.
Three tablespoons cocoa plus 1 tablespoon shortening can be substituted for 1 square of unsweetened chocolate.
